# FIRESIDE FUCK

Nothing Gets A Girl Hot For  
A Roaring Hard-On Like A  
Roaring, Log-Burning Fire!

Porno star Samantha Ryan works constantly because she knows she has only a small window of time before the business no longer has a burning need for her. It's a lesson that more girls in the adult industry need to learn: Make as much money as you can as fast as you can—and hang on to every cent—because next month or next year your movie career may be over. But that does not mean that she can't take a break from her schedule to spend a weekend at a secluded cabin with a special lover and a roaring fire.

Samantha's weekend with Mick is a very special respite from the raw sex that she has everyday with strangers in front of a camera. She loves the job and certainly loves all the money she makes, but now and then she needs real lovemaking in private with a man she truly cares about, in front of a fireplace as logs crackle and the flames warm her naked body. Sure, they'll fuck a lot over the weekend, but they'll also cuddle for hours on end in front of the fire. And when she goes back to work on Monday, she'll be ready for grueling sex with strangers again!

**This young couple asked our roving photographer to return to their room with them for a private session. They even invited him to join in if he wanted!**

# CARNAL CAMERA

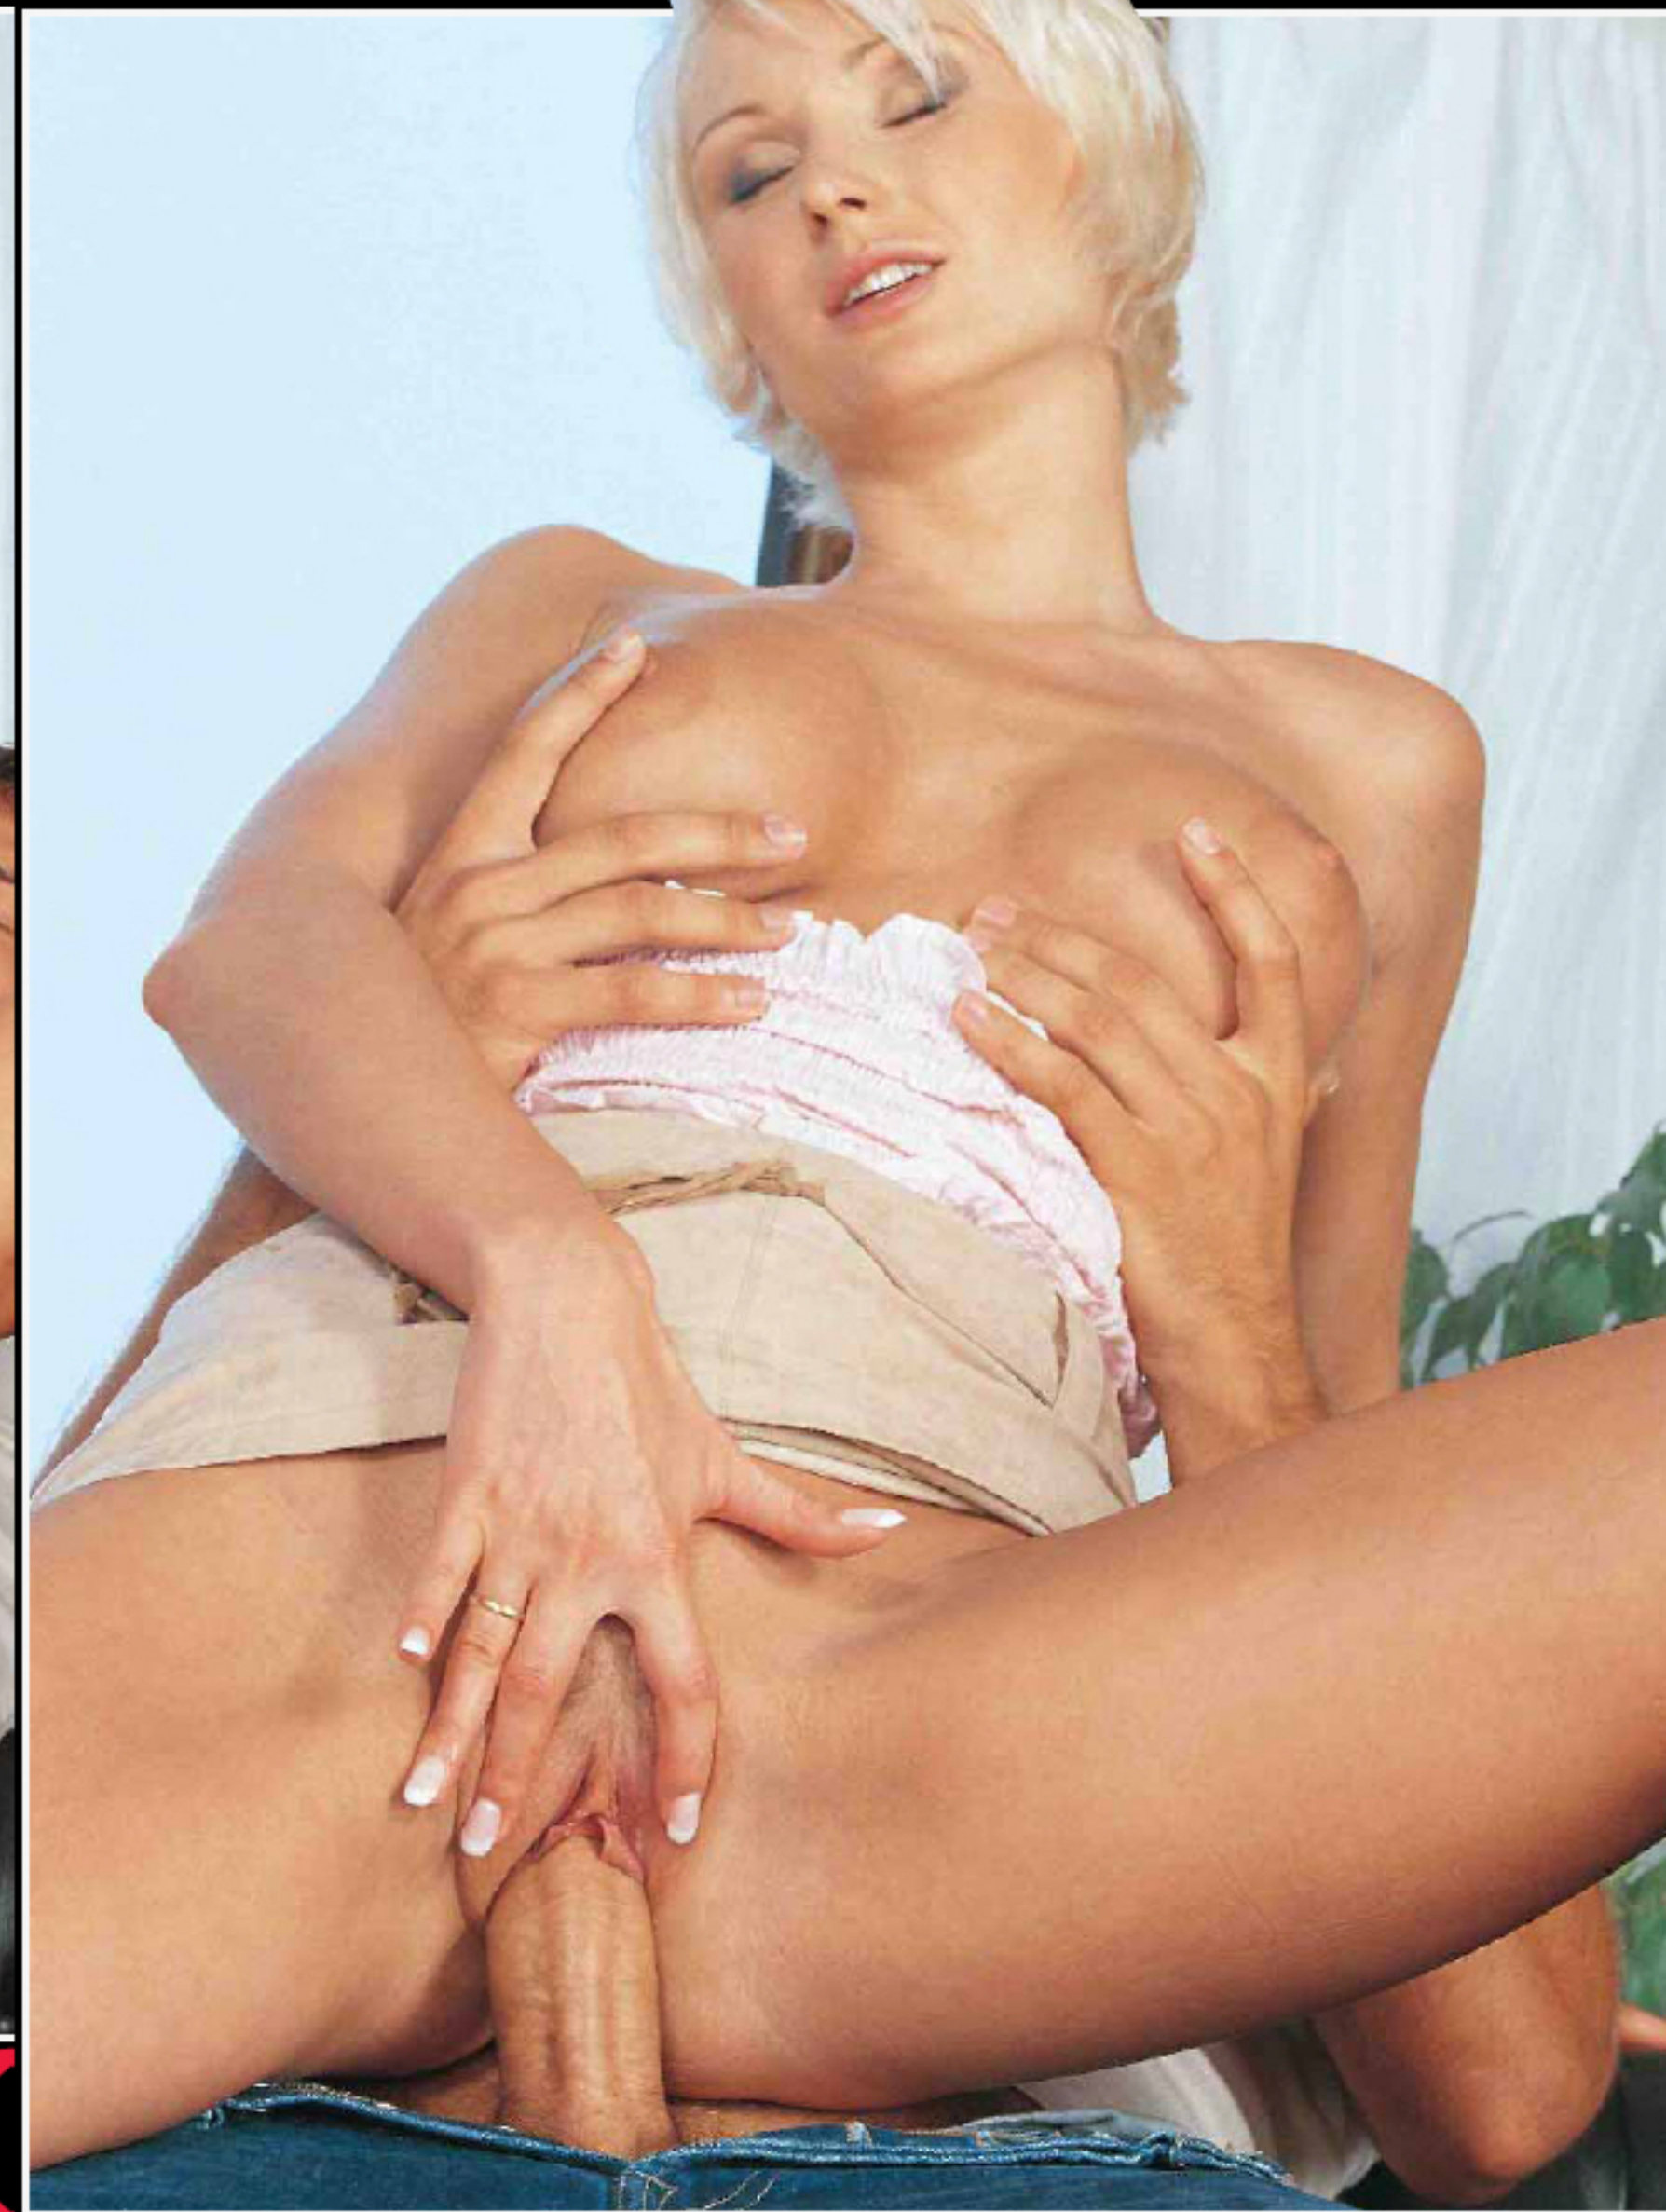

While our roving VEVLET photographer was in Spain recently to shoot several layouts, he met a young Dutch couple at his hotel who seemed very interested in what he was doing there. When he told them he shot models for an American sex magazine, they suggested that he should come back to their room with them—and bring his camera. "Who knows what may happen," the wife told him. "If you should start to photograph us, I wonder if we would want to stop you." Then the young husband added, "And if you get too horny watching us, you might want to join in. I wouldn't mind, if my wife doesn't." A coy smile played across her pretty face. "When I'm in one of my moods, I don't mind anything. You can do whatever you like with me!"

Our photographer didn't ask their names. What good is a name at an anonymous hotel rendezvous? He followed them to their room, and they acted like he wasn't even there. For a few moments he thought it was odd, but then he realized that part of their fantasy was that they were alone and somebody was spying on them. He took out his camera and watched.

*The young Dutch couple went about their business and ignored the fact that our man was there in their hotel room, photographing them having anal sex!*

The little blonde Dutch girl was totally into her husband, especially when she sucked on his cock for what seemed like a half hour. As far as she was concerned, our roving photographer was someplace on the moon. But when her husband slid his big cock up her ass and began to fuck her, she suddenly looked over at our Man With the Camera as if she'd suddenly noticed him for the first time. He could see the gleam of recognition come into her eyes. She was feeling animal lust, and the sensations were too much to share with just one man. Our photographer was unsure whether to keep shooting or put down his camera and join them. For the moment, though, he kept clicking away, getting as much coverage as he thought he would need for this layout. But when he felt he'd caught everything he needed, he stepped closer to where she was sitting on her husband's cock, filling her asshole.

*Our photographer pulled out his dick and stepped over to the young Dutch woman. She greedily sucked him until he came in her mouth. Job well done!*

# The Mistress Of Retro Raunch

Hester's earlier life paved the way for her work as a collector and curator of sexy pix. Growing up as a child of liberal parents in Los Angeles, she partook of the hedonistic sexual lifestyle of Hollywood in the 1970s.

"I probably stretched the boundaries most of all," she said in her autobiographical essay in *Naked Ambition* (published by Carroll & Graf), a book edited by Carly Milne about women working in the contemporary pornography industry. Hester was a ticket-taker at a porn theater; got to know strippers and early porn stars like Georgina *Devil in Miss Jones* Spelvin; worked as a phone sex girl; enjoyed online "hotchat" in the early days of the Internet; and also got heavily into the burgeoning technology of computers which has revolutionized not only pornography as a genre, but the world's perception of pornography as a legitimate form of home entertainment.

Hester and her male partner started *RetroRaunch.com* in 1997. The site is an elegantly designed and readily accessible archive of approximately 43,000 vintage pictures broken up into categories like cheesecake—which is further broken down into "Babes by the Decade" starting pre-1920s up to 1979, and even further into "Big Tits" and "Just Tits." There are also tons of hardcore boy-girl and fetish pictures from a similar range of decades, as well as specialty items such as illustrations, brothel photos, stripper and hardcore playing cards, and magazine ads. There are Pictures of the Day; caption contests; titillating postcards which can be emailed to your friends; and also a section of photos of erotic celebrities and pin-ups like Bettie Page. You can also find pictures of well-known models from the past like Jacki Miller, Blaze Starr, Evelyn West, Lorraine Burnett, and Vickie Kennedy. There is the

Article by Irv O'Neil

**H**ester Nash is a 40-something California gal, friendly and articulate, who collects vintage erotic photos going back as far as the middle years of the 19th century. She's made a good living at it too, as webmistress of a successful site called *RetroRaunch.com*.

She also presents a companion site, *MarthasGirls.com*. Working with a male partner in charge of the site's design, Hester's tastefully arranged archive has gotten media attention in places like *USA Today*, *WashingtonPost.com*, and the History Channel, in contrast to most porn ventures (like newsstand porn magazines) which generally fly under the mainstream radar.

posing as everything from an ancient Salome-type dancer to an 1890s tart, all the while showing off her mouthwateringly beautiful breasts. Physically, she looks like the prototype of the hippie "earth mother" chick so popular in the 1970s, but on *MarthasGirls* you can see her lusciousness in the bloomers of the early 1900s. There are also behind-the-scenes photos of Mimi as she really looks, a pretty young woman most decidedly of the 21st century; as well as a "pornfolio" of sexy gag shots of "Martha," the "proprietor" of the site. *MarthasGirls* really makes you appreciate the power of the erotica styles of bygone eras.

As a lover of antique porn myself, and as an editor who has long presented material like this in Swank's companion magazines *Leg World* and *Cheeks*, I was curious about the Mistress of *RetroRaunch*, as well as why her site has gotten so much mainstream attention; so through her publicist, I set up an interview with Hester Nash.

**SWANK:** "Ephemera" is a term applied to the various old things people collect. What's the world of erotica collectors like?

**HESTER NASH:** You find the erotica among the ephemera dealers, like if you go to an antique postcard show. Postcards are the most pedestrian stuff, but one in 20 of these dealers has a little stash [of erotica] behind the counter. There are almost no women who do this, even trading in regular postcards. It's kind of a "guy thing." These dealers tend to be older, kinda nerdy, and there is a smell—not about the men themselves, but the old paper smell when you walk into these rooms.

Vintage erotica is the ultimate in amateur erotica, rather than what they consider amateur porn today.

**SWANK:** But weren't the models in antique erotica often professionals like models or prostitutes or dancers?

**HESTER:** Yeah, but there's a difference between [an amateur] sensibility and being professional. With porn actors and people who do stuff as "amateurs" today, there's a certain attitude, they try to look a certain way,

*RetroRaunch Theater* with short movies you can download to your computer like "Hula Mamas," "Blonde Fun with Chocolate," and "Satin Lady Burlesque;" and branching out into merchandise, *RetroRaunch* now offers key chains and dog tags with vintage images.

Perusing *RetroRaunch.com* is like going to a gigantic online flea market of erotic imagery. Some of the stuff is beautiful, some is more average, some is sleazy, but you're guaranteed to definitely find things you personally like as your eye acts like the editor of Hester's enormous collection. Understanding the wide variety of men's fetishes from her work as a phone sex girl, Hester wisely includes something for everyone.

*RetroRaunch.com* links to its companion site *MarthasGirls.com*, which is a collection of new photos shot in the old-fashioned styles. For example, one of the models on *MarthasGirls* is a brunette beauty named Mimi, who is shown

and there's a certain consistency and conformity. Whereas back then, even if you were a prostitute or dancer, there was much more allowance for variety, so you got more normal kinds of people. Now, if you're talking about the pin-up stuff from the mid-century, yes, that shows starlets and girls who wanted to be models; so yes, there's that professional level. But when you're talking about hardcore stuff, pretty much anywhere prior to 1965, that's largely amateur. Maybe there are prostitutes involved in some of it, but still, these people were shooting on the fly.

**SWANK:** When you say "hardcore," do you mean specifically the boy-girl images, or could it be a single girl opening her legs for the lens?

**HESTER:** Yeah, I consider it "hardcore" if it's gynecological or there's any kind of sexual activity going on. Whether it's actual intercourse or oral sex or just fondling, I consider that hardcore. And also, because we're so used to the shaved pudenda nowadays in modern porn, it's almost more hardcore and aggressive and raw to see somebody who's completely natural in their pubic hair, as on my site. Like, "This is the real deal!" This is the way people really look if they don't fuss.

**SWANK:** Are there any types of pictures that you most enjoy or identify with yourself?

**HESTER:** Those are two different questions. Enjoy? I really enjoy beautiful nudes, and the eras that I gravitate toward tend to be the '20s and '30s. I like the quality of the photography, the hair and makeup; I'm really drawn to that. And the early '40s too. As far as identifying with? Pretty much all the natural amateur-looking hardcore stuff, because that looks like—me, having sex, in terms of my experience. More so than what I see in a modern, overlit porn film. I mean, we've all had a zipless fuck or two, but the way they go out in modern porn and start sucking on each other two minutes after meeting, oh please.

**SWANK:** What are the most popular areas on your site?

**HESTER:** Always, the big tits get the big action.

**SWANK:** Big tits from any particular era?

**HESTER:** No, just big tits generally. There are certain girls, though—in our celebrity section we have pin-ups whose names were known, or at least were known during their times, like Virginia Bell, and who have their fans. The other most popular area is the boy-girl hardcore.

**SWANK:** Have you met any actual photographers who worked back in these earlier eras?

**HESTER:** Yes. I have worked with a couple of photographers whose pictures dated back to the late '60s and early '70s, and they wanted to contribute to the site. But again, my favorite photographers are amateur. We've been contacted several times by men who offer us pictures of their wives which were taken 30 or 40 years ago. And in every case, the women are now deceased.

**SWANK:** Do you use those pictures?

**HESTER:** Yes. The husband gives them to us. He's the photographer, she's no longer living. It's always like, "I really loved my wife, do you see how beautiful she was? You guys are so cool and I want you to have them."

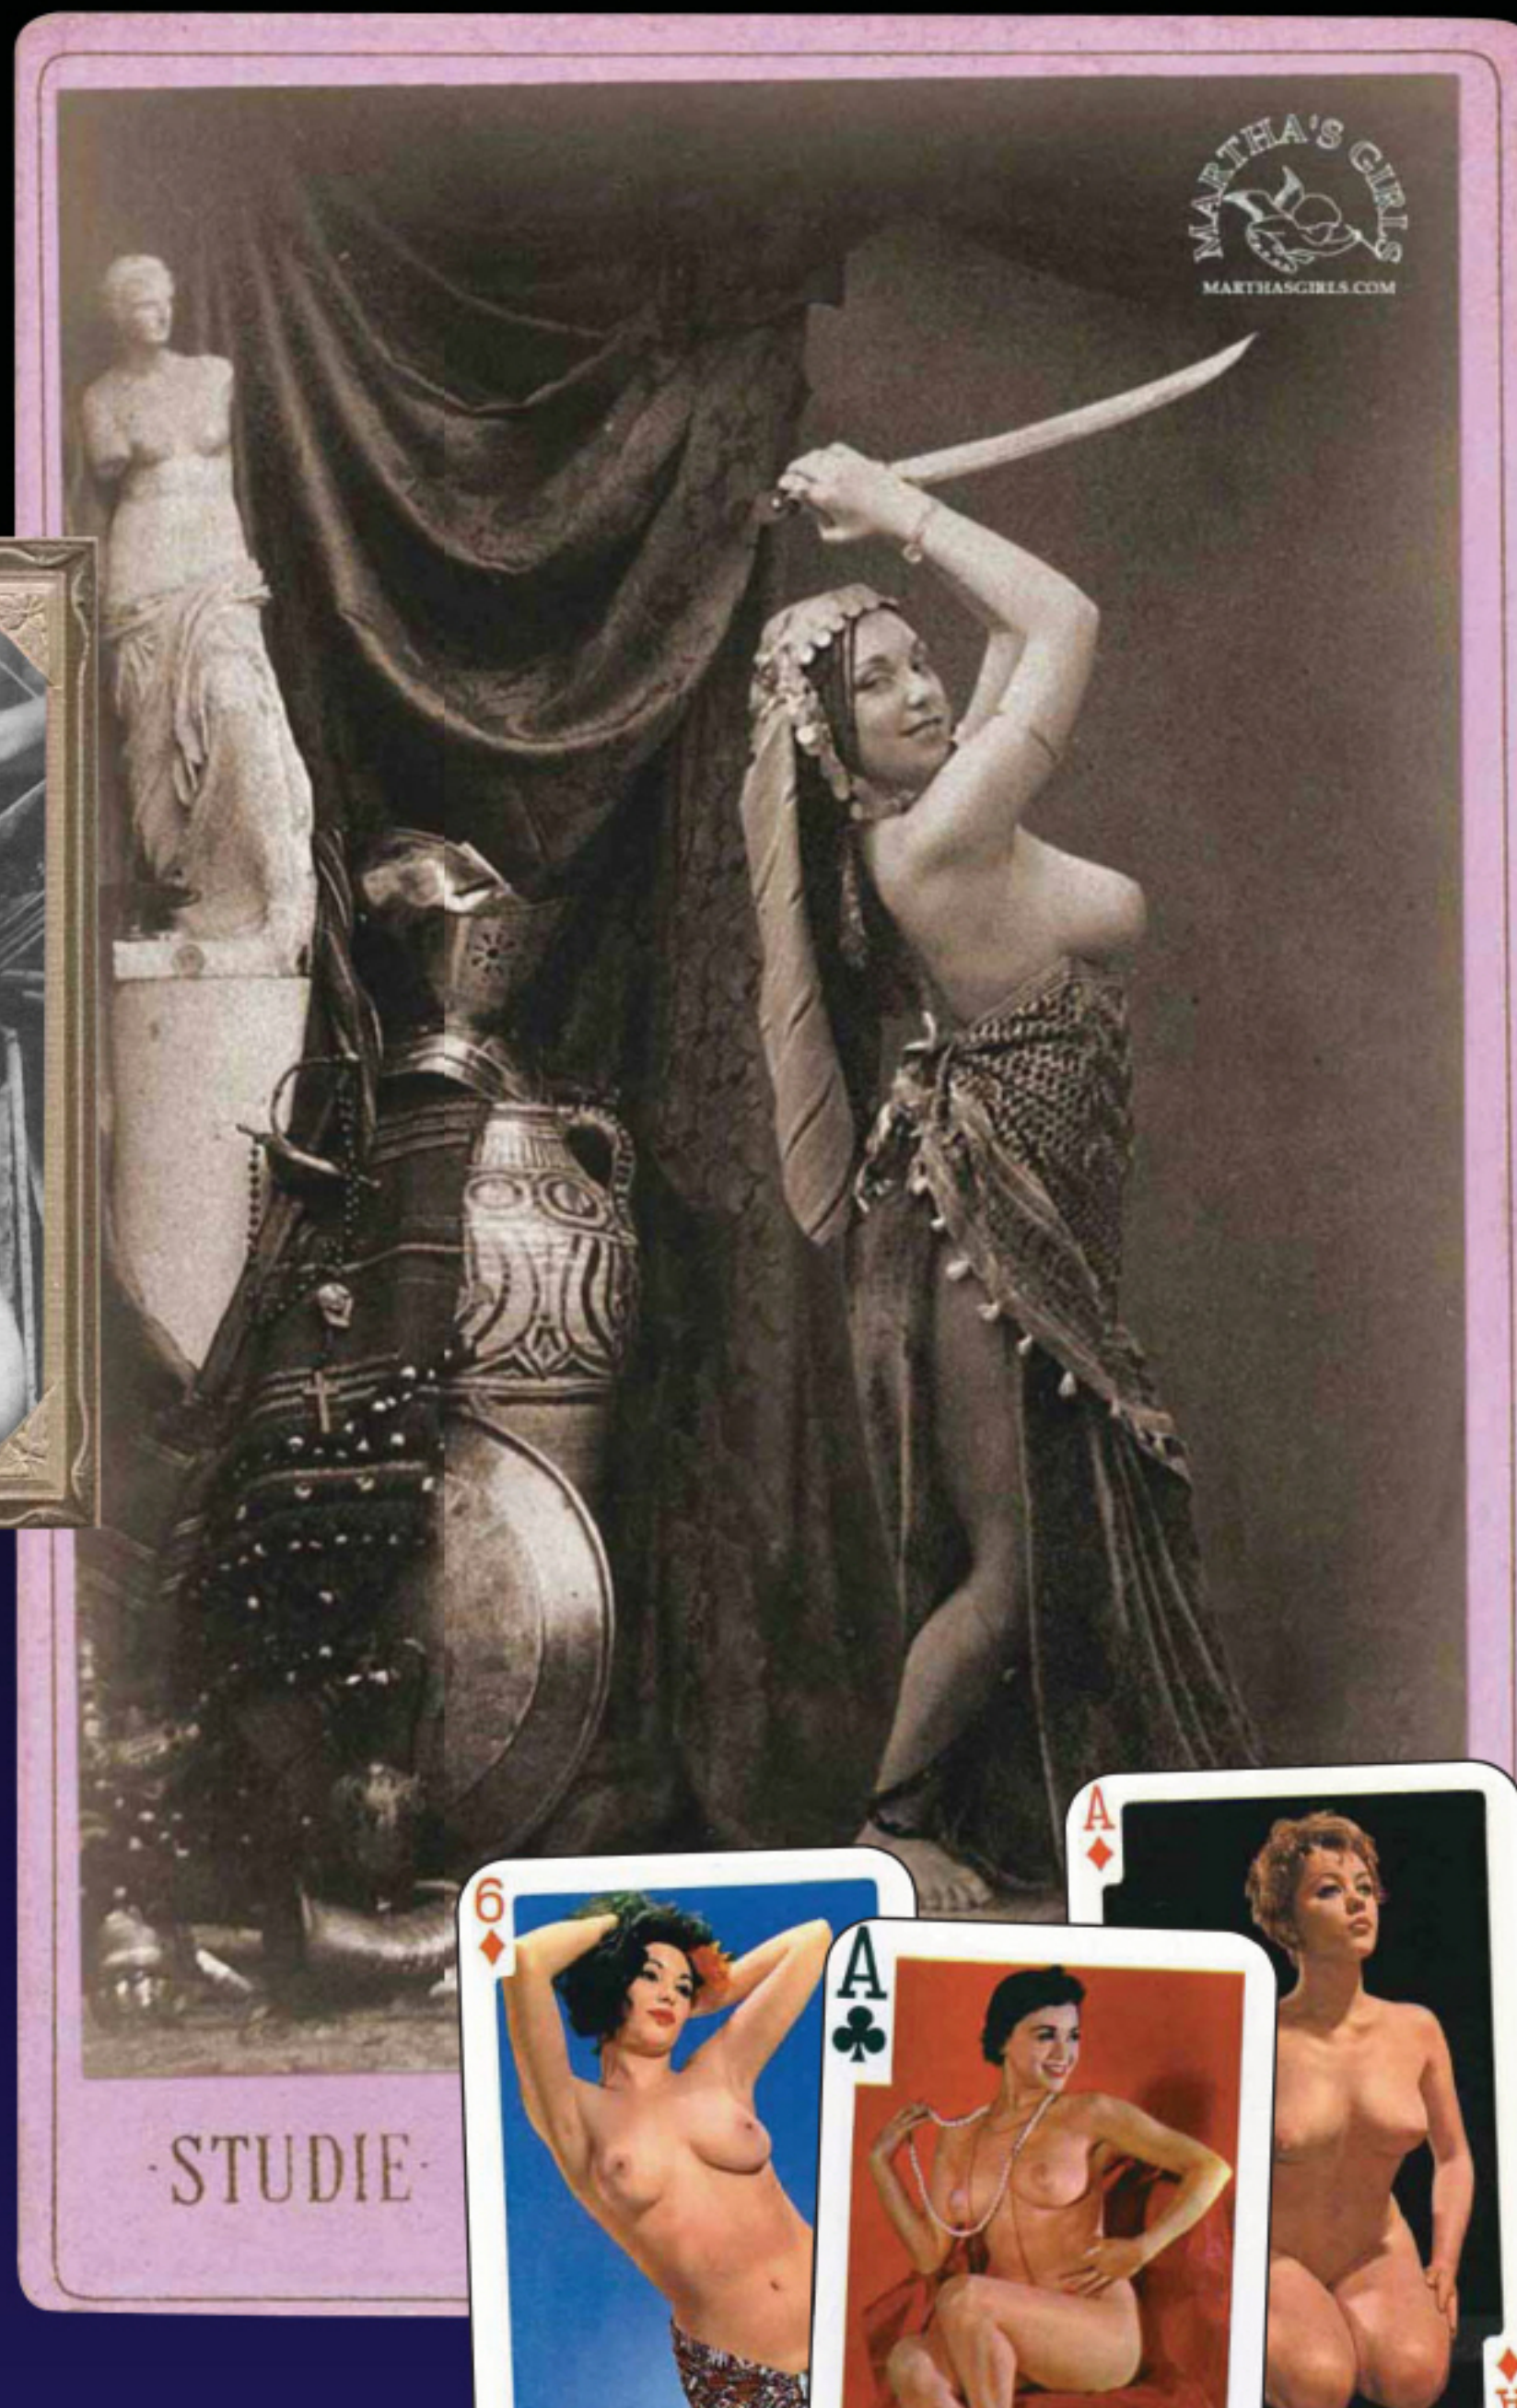

**SWANK:** Have a deceased wife's relatives ever contacted you after seeing her pictures on the site?

**HESTER:** No. The only contact I've ever had, and we've been online since July 1997, was when I got an email from some punk claiming that one photo was of his grandmother. I didn't dismiss it, but said, "Oh really? Can you provide me with some identifying information?" But I never heard from him again. I have 43,000 pictures, and if I have your grandma up there, I promise to take her down.

**SWANK:** The free tour on RetroRaunch.com presents vintage pictures of a model called "Miss Lacey" as a hostess to your site, a kind of "sex history" teacher; but you are the actual hostess, being the curator. Did you ever model yourself, as part of your own sexual boundary-stretching in the 1970s?

**HESTER:** I might have had a couple of photos sneaked of me here and there when I was doing something wild and crazy; but no, I never actually modeled.

**SWANK:** But are there going to be any pictures of Hester popping up on the site, or are they already up there?

**HESTER:** Not on the site, dear, and if they ever pop up you can rest assured I'll be destroying them! (Big laugh.)

**SWANK:** Do you ever come across people's private diaries or drawings?

**HESTER:** All the time. That's my favorite thing, actually. If there's an erotica collector's holy grail, mine is to score some great cache by myself. I usually end up buying it from the third guy who's had his hands on it, as opposed to from the original collection. So I want to find, by myself, somebody's photo album.

Some guys got into their collections in a major way. They made notes about who the girls were; for example, there's writing on the backs of the pictures. If you go through my actual physical archive, you always have to look on the backs of the pictures to see what's there. Sometimes there are loving notes, or rude notes. I got my hands on a huge collection of hundreds and hundreds of photos of a wide variety of women, mostly not very attractive, but there was a paragraph on the back of each one in very clear block print that almost was like the guy was obsessively cataloguing and writing stories.

**SWANK:** Ever find strippers' scrapbooks?

**HESTER:** Yeah. They'll have their advertising and pictures of them at dinners or nightclubs.

**SWANK:** Are you ever going to put that kind of stuff up on the site?

**HESTER:** Yes. We've confined ourselves over the years primarily to photos, but I've decided that I'm going to start expanding into other areas to look at the whole picture of sexuality, glamour photography, erotica. Our tagline is "A Century of Smut." I'm really going to try harder to live up to that by putting in more variety.

**SWANK:** You've seen thousands of pictures. Are there any that haunt your mind and stand out?

**HESTER:** Yes. The pictures that have always made an impact on me are two or three images of a black man and white woman, not doing anything particularly unusual, but the era is decidedly around the Civil War, 1860s, 1870s. I'm fairly certain that the pictures are European, but in my mind they will always be pictures of a former slave, which makes them seem incredibly outrageous.

Also, I learned something a few years ago which was kind of a bummer. It's haunted me, and now I try to be conscious of it. There was a small handful of stuff, mostly around the turn of the 19th to the 20th century, that was exploitatively produced. Women were kidnapped, or borrowed really, from mental institutions, and sexually abused and photographed. When I found that out, I looked at some of the photography and I felt I could pick a couple of those out. The look in those women's faces was just "wrong." Or not quite right. There are only maybe four or five of those.

**SWANK:** Where did you learn about this exploitation?

**HESTER:** From talking to other people who are into this business. A lot of the information is part of an oral tradition.

**SWANK:** Have you ever heard from models from back in the '40s who say they've seen their pictures on your site?

**HESTER:** No. Think about it. Let's say they were 20 years old in 1940, which means they would be 86 now. Would they be surfing the Net looking at porn sites? I think if anybody's ever recognized themselves, it's more of a "let it lie" kind of thing. We've been around for nine years, and we've gotten a lot of traffic and press, so I wouldn't be surprised if there were a few people out there who knew their photos are on my site. But they keep it their secret.

# Retro Raunch

**SWANK:** I recognized certain models in your celebrity section who were well-known in the '50s and '60s. Have any of them contacted you?

**HESTER:** Actually, I don't know what the status of any of them is. I don't know who among them is still alive other than Bettie Page, and she doesn't allow herself to be seen. But maybe I should research that; it would be an interesting project. I do know one of our affiliates is the Exotic World burlesque museum, run by [1950s burlesque queen] Dixie Evans. And when I was in New York I met a couple of sweet young people who are really into the burlesque thing and they're all about trying to generate some attention, interest, and money for these women. A lot of them are old now, struggling, and they didn't save and some don't have families, so it's sort of like, 'Let's take care of these ladies.' I'm glad we're having this conversation, because I have to call that couple about this. They had asked me if I was willing to get involved, because I do feel for these women and I'm actually profiting from them—so I guess it is on me to do that.

**SWANK:** Does RetroRaunch have many female subscribers?

**HESTER:** Yes, and female fans who don't necessarily give us their money, but who come around and look at our Picture of the Day. Women love our site for the retro and vintage style thing, they love the black-and-white photography; and they love the fact that the women don't make them feel intimidated or freakish, but rather normal and pretty. I think it's mostly been about 'I love seeing women who look like me.' Of course, I hear from women in couples, who say, 'My husband is really into porn, and I told him that I like your site—and if we're going to check out porn, this is what I'd prefer to look at.'

**SWANK:** RetroRaunch.com also presents MarthasGirls.com, which features photos of current models created in the retro style.

**HESTER:** To be fair, we didn't do anything; we're in partnership with some people in the Ukraine. We had been contemplating doing that [type of thing] ourselves, and were almost on the verge of it, when we were contacted by the MarthasGirls people, who have this extraordinary talent. The pictures are beautiful, and the Photoshop artist they use is amazing. But they didn't have the distribution, the traffic, they didn't know how to run the business, and they were like, 'Let's hook up.' MarthasGirls is doing quite well. At first I thought that people would pick up on MarthasGirls as an extra to RetroRaunch itself, but actually it has its own pronounced and very significant following. There are people who say 'no thanks' to RetroRaunch and 'yes' to MarthasGirls.

**SWANK:** You said in another interview that one reason some viewers prefer MarthasGirls is because they are more aroused knowing that although the models there are depicted in the retro style of decades past, MarthasGirls are actually still young and alive today.

**HESTER:** The first time that came up was with a buddy of mine. I asked him to check out RetroRaunch and he was like, 'Yeah, but I just can't get behind it because I know they're all either old or dead.' I said, 'Really? But you realize you can't have sex with Jenna Jameson either, right?' But somehow having the knowledge that the girl you're looking at is somebody you might run into at the mall just works better for some guys. RetroRaunch is not everybody's cup of tea, and I think this maybe does explain a lot of the thing with MarthasGirls.

**SWANK:** I understand from your previous interviews that MarthasGirls are actually shot by a male photographer. Why aren't the photos presented as being done by a man, as opposed to being presented and overseen by a site hostess named "Martha"?

**HESTER:** It's just a marketing thing. He just thought it would come across better. And there actually are a lot of women involved in putting it together. The PhotoShop artist is a woman—a beautiful woman, by the way. Anyway, he just made that choice. He did not start MarthasGirls because he wanted to make money, because he's an antiques dealer and has other things. He started MarthasGirls out of pure love for the genre and the photography. He liked the whole idea of "Martha" and that's the way he wanted to do it.

**SWANK:** So there wasn't an ego problem with him then, to have it presented as if it's created by women? Although women do work on it, too, like that PhotoShop artist.

**HESTER:** Not at all. People perceive our stuff, both his and mine, as a

little classier and more tasteful than a lot of other porn, and it makes it a little easier to look at too if it's presented as if brought to you by a woman.

**SWANK:** Why do you think people these days are so fascinated by the idea of women pornographers?

**HESTER:** Everybody thinks that any man given half a chance will be a pornographer. There's nothing unusual about that. But a lot of people are surprised by the idea that a woman would be a pornographer, being in the business end of it as opposed to being the object of a camera as a model or actress. It's becoming a little more common, and people are understanding that more. It's just one more example of, 'Gee, a woman can do that?' There's also a perception amongst a lot of people, which of course is incredibly foolish, that a woman's default position is to be negative about porn. So any woman who isn't, and who actually pursues it for business or pleasure or whatever, gets reactions like, "You're weird. Don't women hate porn?" No, they don't!

**SWANK:** Do you think it's reassuring to people when women get involved in porn, because it's like these women are giving other people permission to enjoy it? As in, 'Mommy says it's okay if you beat off'?

**HESTER:** Definitely. It's absolutely a permission thing. 'If a woman told me I can do it, it must be okay.'

**SWANK:** You've gotten a lot of good mainstream press almost from the beginning of doing RetroRaunch.

**HESTER:** Yes, we were in USA Today within 30 days of going online.

**SWANK:** In a sense, your contribution is more respected in our society than the contribution of an issue of Swank, or any other newsstand porn mag, even though both are in the business of presenting sexually explicit material.

**HESTER:** I'm not going to speak against Swank. But yeah, definitely. Sometimes it just makes me laugh, because other than the fact that RetroRaunch is black and white photography, it's the same thing. But there's the historical aspect of RetroRaunch, too. We also get respect for our design, which communicates a sensibility we have, and a business attitude we have, that many porn sites don't have no matter who's running them. Everything about the site, the design, the way we do business, and my accessibility is all to tell you that it's okay to do this, we're nice people, you're a nice person, nice people did it in the past, it's safe, it's okay, so relax! (Laughs.) That's what we're all about. My personal thing, me as Hester Nash, me as somebody who felt this way before I ever did this, is that we're all way too uptight about sex, and way too uptight about porn, and that the more we can get it out into the world and people can relax about it, the happier we will be as human beings.

**SWANK:** So the fact that you're the solo spokeswoman for RetroRaunch was a deliberate strategy to present it that way?

**HESTER:** Yeah, definitely. But it was also a default reality because my male partner, who did a beautiful job of designing it, is a very shy retiring person and was never going to be out front. He did a gorgeous job, and he's done a beautiful job of maintaining it over the years.

**SWANK:** Where is your site heading now?

**HESTER:** RetroRaunch.com is going to expand into a lot of other areas: greeting cards, calendars, lingerie. You'll be able to get RetroRaunch photos on your mobile phone. The name of my company is Global Domination Industries, and my intention is to absolutely live up to it! (Laughs.) We picked the name just to amuse ourselves, but it's funny how often when we're dealing with business people that they don't even blink at that name. But every once in awhile somebody will think about it, and just crack up! ☐

Over 200 and counting. That's how many times we've cum watching her, and that's how many times she's been nice enough to give us a dirty smut show on film. It's no wonder at all that Violet is often mentioned as a top tart in fuck flicks today, and as long as she keeps up the hot action, there's no reason why she shouldn't stay in the upper echelon of dirty girls, either!
